

Imagined, designed, engineered and entirely manufactured in our workshop in Saint Bonnet le Château, the new straight pull rifle ROLS is the result of the passion and knowhow of the engineers and technicians from Chapuis Armes.

**Performance** SRP: from £3,495

**Classic bronze** SRP: from £4,395

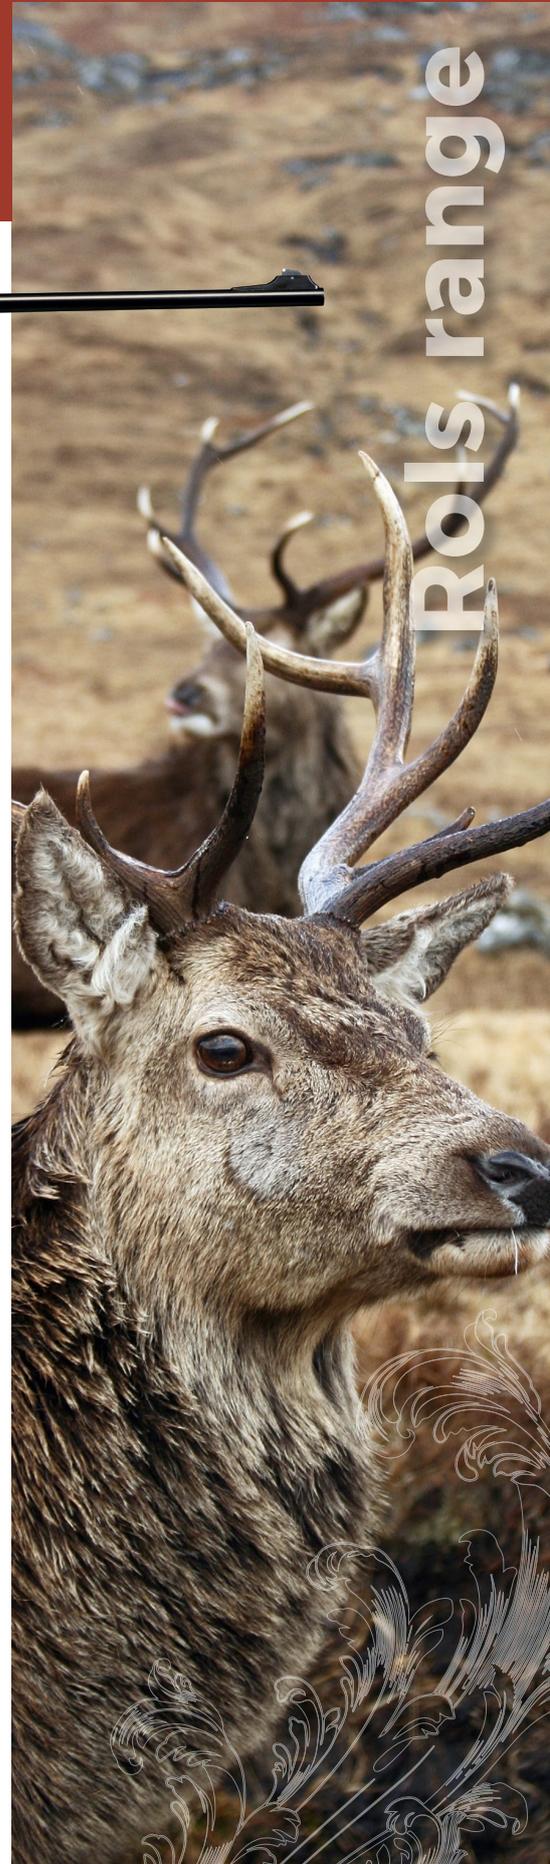

**Elegance** SRP: from £4,995

The Rols range by Chapuis is a straight pull rifle par excellence. Designed around a super strong action and completely secure locking mechanism, safety is the first priority. However the technical performance of this rifle, combined with its superb ergonomics, deliver a rifle you will thoroughly enjoy owning. With so many variations and calibres there is something to suit all hunting styles and conditions.

Rols Performance features a one-piece, synthetic stock and interchangeable barrel. The thumbhole design provides great positioning and quick reloading. The Bronze is a classic style and suitable for all types of hunting. The traditionally designed Elegance features beautiful grade 3 walnut, recoil pad and bolt lever with round, walnut bolt handle.
